

# T-PRINT G0221E

Model: G0221E

Product description

Compliance with **EN ISO/IEC 17025**

- Accuracy
- Precision
- Reliability

Table

|                        |                              |
|------------------------|------------------------------|
| Operating temperature  | -30 °C +65°C                 |
| Temperature resolution | ±0.2°C                       |
| Temperature stability  | 0.1°C                        |
| Temperature range      | Full range                   |
| Temperature accuracy   | 1mm60mm                      |
| Temperature precision  | 1MB - 172,000mm              |
| Size                   | 175 x 124 x 51mm (W x H x D) |
| Power                  | 9 V 32 V dc, 1000 + 1000mm   |
| Power - 1000           | 8W                           |
| Power - 1000           | 0.1 W                        |
| IP rating              | IP20                         |
| Weight                 | 700g                         |
| Life                   | 3                            |
