

# OMET PoE

Model: PA8611

PA8611 is a PoE switch with 5-24 V PoE ports. It is designed for easy installation and use in various environments.

The device is compact and easy to install, making it suitable for a wide range of applications.

It supports PoE and is compatible with the PA8611 series of devices.

Features:

- PoE switch
- 30 ports
- 5-24 V PoE IEEE 802.3af
- PoE switch
- Web interface IPv4/IPv6, Modbus TCP, COMET Cloud, HTTPS, SNMPv3, TLS
- PoE switch

Table:

Model	PA8611
Port Type	DSxx
Port Count	30
Temperature	0.1 °C
Humidity	0.1% RH
Power	1x PoE 1x T+RH 1x CINCH
Temperature Range	-30 °C to +60 °C
Power Consumption	30 W
Temperature (°C)	0.1 °C
Temperature (°F)	0.1 °F
Power (IEEE 802.3af)	5-24 V DC
Power	30 W
IP	IPv4, IPv6
Protocol	HTTP(s), Web server (WWW), HTTP GET (JSON, XML), Modbus TCP, SNMPv1, SNMPv2c, SNMPv3
Protocol	Email (SMTP), Syslog
Response Time	2 s
IP	IP30
Dimensions	116 x 85 x 42 mm (mm)
Weight	180 g
Warranty	3 years
