

T7611POE - - kopie

Model: T7611-2

The T7611-2 is a compact, wall-mountable, PoE-enabled weather station. It features a built-in LCD display showing temperature, humidity, and pressure. The device is designed for outdoor use and is compatible with standard PoE networks.

Specifications

Humidity	0 to 100%
Humidity Accuracy	±2.5% RH at 5 to 95% at 23°C
Temperature	±0.4°C
Pressure	600 to 1100hPa
Pressure Accuracy	±1.3hPa at 23°C
Pressure Units	hPa, kPa, mbar, mmHg, inHg, inH2O, PSI, oz/in2
Resolution	0.1°C, 0.1%RH, 0.1hPa
Response Time	2s
Display	1.5" LCD
Power	5VDC, 500mA
Operating Temperature	±1.5°C at 25°C, RH>30% -60 to +80 °C
Storage Temperature	-20 to +60°C
IP Rating	IP30, IP40
LAN	RJ-45 10Base-T/100Base-TX
Protocols	WWW, ModbusTCP, SNMPv1, SOAP/XML
Alerts	E-mail (SMTP), SNMP Trap, Syslog
Sensor	T-Sensor, WWD
Dimensions	0.025mm - 0.001"
Power	POE IEEE 802.3af 5Vdc
Coaxial	co-axial, 5.5 x 2.1mm
Weight	1m, 2m or 4m
Size	136 x 159 x 45mm (W x H x D), 88mm, 18mm
Weight	380g
Power	3W
